How to teach subject
in english

How to transfer the
knowledge to students

The Four Cs of CLIL

- **CONTENT** The curricular subject-progression in knowledge, skills and understanding
- **COMMUNICATION** Using language to learn - whilst learning to use language. The key is interaction, not reaction.
- **COGNITION** Developing cognitive and thinking skills
- **CULTURE** Understanding ourselves and other cultures. Being a global citizen.

What is scaffolding?

What is Scaffolding?

Is the process of supporting
your students during their learning process
and gradually removing that support as you
Students become more independent
